Rentals

Britannia Britannia security & Maintenance are one of the UK's only manufacturer and supplier of security equipment for your premises who offer our customers a roller shutter rental scheme. Our scheme gives you the opportunity to rent roller shutters, fencing & much more without the upfront costs normally seen with premise security equipment installations.

WHY RENT?

- **NO CAPITAL INVESTMENT**
Renting roller shutters & security equipment allows you to meet the security demands of your business without significant up- front costs.
- **COST EFFICIENCY**
Spare Capital can be invested in stock and turned into additional profit rather than sitting in your security equipment.
- **TRANSPARENT COSTS**
All our shutters are rented out with a transparent breakdown of the costs set out in a clear structure.
- **TAX DEDUCTIBLE**
As the rental of equipment is a tax deductible expense allowing you to write off the cost against your corporation tax.
